TAG POLICIES AND OTHER INFORMATION

1. Standard text size for 30mm and 22mm Device Tags is 0.12 inches
2. The color and material indicated on our selection form is the material that CP USA keeps in stock, other materials and colors may be available upon request.
3. CP USA's standard material is a laminated plastic that is weather and heat resistant.
4. CP USA uses a rotary engraving machine that bevels the edges of all the tags.
5. Please print legibly on all order forms to help prevent any text errors.
6. Any tag errors made by CP USA will be re-printed at no extra charge.
7. Standard lead time is 5 working days. Quicker deliveries may be available depending on backlog.
8. If helpful you may submit your own order forms if it more closely depicts your size and type of tag.
